Read thru the Bible in 2010

God speaks every day! Are you listening?

Statistics show that most people professing faith in Christ have never completely read their Bible. Many people start reading but then become overwhelmed by the number of chapters (1189) and verses (31,102) they will be reading. However, you can accomplish it by reading less than four chapters a day (15-20 minutes)!

Read the entire Bible in one year thanks to this systematic Bible-reading plan. Deepen your relationship with the Lord as you spend a fruitful time reading and meditating on God's Word each day.

Still overwhelmed? Plan to read through the New Testament... takes about 5 minutes a day.
